# InVue Model 5200

## Replacement

Purchasing new windows is one of the most rewarding projects towards improving the comfort, value and appearance of your home, providing you make the right window choice. Your windows must be energy efficient, maintenance free, easy to operate and look beautiful.

Interstate Model 5200 replacement windows are made with the highest quality, 100% made in America components and meet the highest standards in the marketplace.

The InVue 5200 replacement window design offers high end features and superior performance benefits.

Fully fusion welded, multi chambered sashes and master frames, coupled with optimal insulated glass thicknesses assure comfort and energy savings.

The standard extruded aluminum screen frames available in both half and full sizes meet the true slope sill design and are backed by the finest limited lifetime warranty.

The Light Lift® SP (Superior Performance) stainless steel coil balance system provides smooth & easy operation. And the tilt-in sash feature for cleaning will make it easy to maintain your new InVue replacement windows.

## STYLE CHOICES

## HARDWARE

InVue Model 5200 windows come standard with the industry's finest hardware system. Low profile operators, locks, and hinges have all been developed to work together to meet or exceed industry performance requirements.

Double Hung Lock

## GRID CHOICES

Grids between the glass will give your InVue Model 5200 windows the look and feel of true divided lite windows, but without the hassle! Because they're between glass panes, these grids never require cleaning. Our beautiful grids are available in both contoured or flat design.

## EXTERIOR COLOR CHOICES

**A SPECTRUM OF PAINT COLORS** - In addition to the standard interior/exterior solid white vinyl color, there are 14 in-stock factory painted colors, over 30 special order colors, and virtually unlimited custom matched colors available.
